

# HRMS Organizational Management

## Create Dual Language to Position Relationship

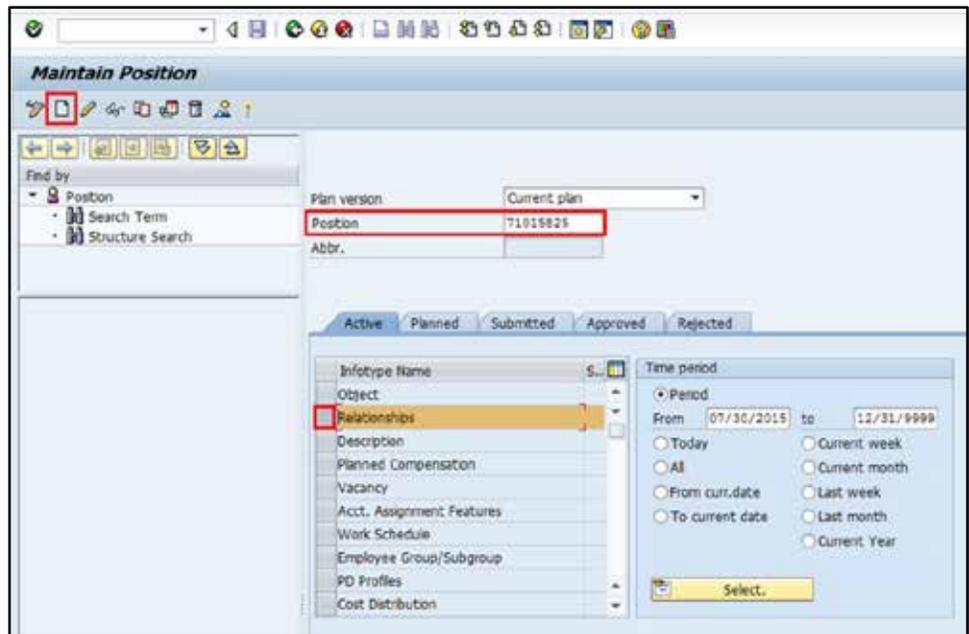

This procedure is used to create dual language to a position relationship, using transaction code PO13.

1. Enter transaction code **“PO13”** in the Command field and press **Enter**,  
**OR**  
Follow the menu tree:  
*Human Resources*→  
*Organizational Management*→  
*Expert Mode*→  
*Position*.

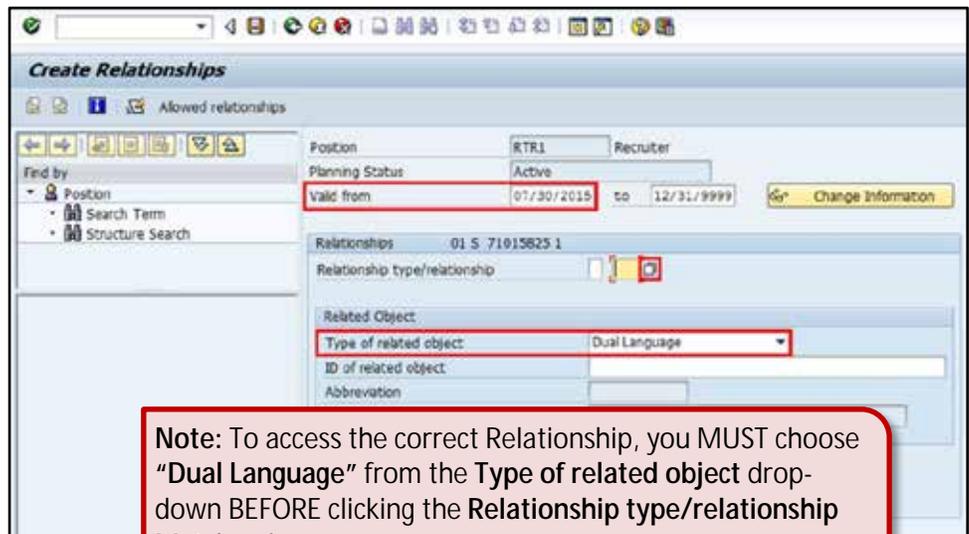

## Create Dual Language to Position Relationship (cont.)

2. Enter the position number in the **Position** field.
3. Click the box to the left of infotype **Relationships**.
4. Click  **Create**.

5. In the **Valid from** field, enter the date on which the Dual Language became effective.
6. Choose “**Management Type**” from the **Type of related object** drop-down list.
7. Click the **Relationship type/relationship**  **Matchcode** to open the selection list.

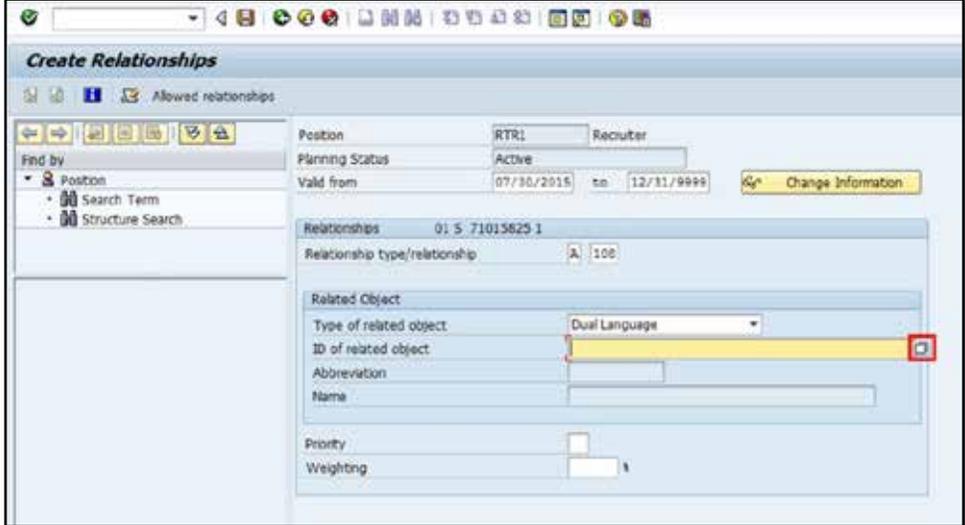

**Note:** To access the correct Relationship, you MUST choose “Dual Language” from the **Type of related object** drop-down BEFORE clicking the **Relationship type/relationship** Matchcode.

8. On the selection list, double-click  **A|108** Is assigned to.
